	Risk assessment (Marshland High School) F625a
rust: WNAT	Assessment Number: 09
School: Marshland High School	
Phase: Secondary	Assessment Date: 08/01/21
Assessor Name: M Fitzpatrick / C	
lansen Janagar Nama: A Johnson	Review Date: 07/01/22 or in the event of significant change.
Manager Name: A Johnson The system of controls: protective measures	Having assessed the risk, schools must work through the below system of controls, adopting measures in a way that addresses the risk
	and allows them to deliver a broad and balanced curriculum for their pupils, including full educational and care support for those pupils
	If schools follow the guidance set out here they will effectively reduce risks in their school and create an inherently safer environment.
	System of controls
	This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more
	Prevention
	 Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who hattend school.
	2) Where recommended, use of face coverings in schools.
	3) Clean hands thoroughly more often than usual.
	4) Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.
	5) Introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents
	6) Minimise contact between individuals and maintain social distancing wherever possible.
	7) Where necessary, wear appropriate personal protective equipment (PPE).
	8) Always keeping occupied spaces ventilated
	Numbers 1 to 5 and number 8 must be in place in all schools, all the time.
	Number 6 must be properly considered and schools must put in place measures that suit their particular circumstances.
	Number 7 applies in specific circumstances.
	Response to any infection:
	9) Engage with the NHS Test and Trace process.
	10) Manage confirmed cases of coronavirus (COVID-19) amongst the school community.
	11) Contain any outbreak by following local health protection team advice.
	Numbers 9 to 11 must be followed in every case where they are relevant.
	Approach to risk estimation and management
	Schools should work through the following steps to address their risks, considering for each risk whether there are measures in each st
	 Elimination: stop an activity that is not considered essential if there are risks attached. Substitution: replace the activity with eacther that reduces the risk. Care is required to subid introducing new hereards due to the
	 Substitution: replace the activity with another that reduces the risk. Care is required to avoid introducing new hazards due to the Engineering controls: design measures that help control or mitigate risk.
	 Administrative controls: identify and implement the procedures to improve safety (for example, markings on the floor, signage).
	5. Having gone through this process, PPE should be used in circumstances where the guidance says it is required.

sk identified in their assessment, works for their school, s who have SEND.

hazards?	and how		L	С			when	
Awareness of policies and procedures	Students, Employees, Visitors and Contractors	 All staff, pupils, parents, governors, visitors and volunteers are aware of all relevant policies and procedures including, but not limited to, the following: Health and Safety Policy First Aid Policy All staff have regard to all relevant guidance and legislation including, but not limited to, the following: The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 The Health Protection (Notification) Regulations 2010 Public Health England (PHE) (2017) 'Health protection in schools and other childcare facilities' PHE 'The Spotty Book Notes on infectious diseases in Schools and Nurseries' PHE 'COVID-19: cleaning in non-healthcare settings outside the home' DfE 'Guidance for full opening: schools Updated 07 Sep 20)' The relevant staff receive any necessary training that helps minimise the spread of infection, e.g. infection control training. The school keeps up-to-date with advice issued by, but not limited to, the following:	2	4	8	 to 5. Headteacher and Site Manager Headteacher Headteacher / Deputy Headteacher All staff 	11/01/21	
Attendance Students	Students, Employees, Visitors and Contractors	 The state and volunteer connectinating and Pupir connectinating are respected at an inflex. During the period of national lockdown, primary, secondary will remain open to vulnerable children and young people and the children of critical workers only. All other pupils should receive remote education. Pupils who are self-isolating should not attend school. Clinically extremely vulnerable pupils are also advised not to attend school. 	2	4	8	Headteacher	11/01/21	The new variant B117 of Covid-19 virus has resulted in the part closure of schools within the trust to all students other than children of critical workers and vulnerable students. These students will be supported in school by teaching and support staff on a rotation to minimise the number of staff in school at any one time. Students will be placed within a consistent in-school support 'bubble' to reduce the risk of transmission of the virus. Duty staff will also remain with the bubble they have been assigned, again to reduce the risk of transmission. Students will be allocated a classroom to work from to undertake their remote learning. Student must ensure that they go directly to this classroom upon their arrival to school and will

Visitor	ents, oyees, irs and actors	 Under the national lockdown, the expectation is that everybody should work from home where possible. School leaders are best placed to determine the workforce that is required in school, taking into account the updated guidance for those staff who are clinically extremely vulnerable. The expectation is that those staff not attending school will work from home where possible. All staff attending the school setting should follow the measures set out in the system of controls section of this guidance to minimise the risks of transmission. This includes continuing to observe good hand and respiratory hygiene and maintaining social distancing in line with the provisions as set out in the 'prevention' section. School leaders should explain to staff the measures the school has put in place to reduce risks. We anticipate adherence to the measures in this guidance will provide the necessary reassurance for staff to attend school. If staff are concerned, including those who may be clinically vulnerable or who believe they may be at possible increased risk from coronavirus, we recommend school leaders discuss any concerns individuals may have around their particular circumstances and reassure staff about the protective measures in place 	2	4	8	Headteacher

	remain within this base for the duration of the day with the exception of breaks and to use comfort facilities. Students must remain within their bubble whilst on breaks. These classrooms will be cleaned at the end of each school day.
	Staff and students who continue to work within school are subject to the same preventative measures as outlined above in this risk assessment.
11/01/21	Staff and students who continue to work within school are subject to the same preventative measures as outlined above in this risk assessment.
	Facilities staff will continue to work within schools, but will be guided by their line manager in any temporary changes to their working practices. For example to meet the business needs of the school during this lockdown whilst maintaining a safe working environment with the advent of the new variant of COVID-19.
	All other staff should work from home unless specifically requested to support within school.
	Teaching staff can request to continue to work from school. These requests must be made to the Head Teacher. If approved, teaching staff must sign in to school upon arrival. This will enable the school to keep track of which staff have been in school on any one day. This will support the schools track and

Poor hygiene practice	Students, Employees, Visitors and Contractors	 Posters are displayed throughout the school reminding pupils, staff and visitors to wash their hands, e.g. before entering and leaving the school. Pupils, staff and visitors are to wash their hands with soap or alcohol-based sanitiser (that contains no less than 60 percent alcohol) Sufficient amounts of soap (or hand sanitiser where applicable), clean water and paper towels are supplied in all toilets and kitchen areas. Pupils are supervised by staff when washing their hands to ensure it is done correctly, where necessary. Pupils must not share cutlery, cups or food. All cutlery and cups are thoroughly cleaned before and after use. Cleaners are employed by the school to carry out daily, thorough cleaning that follows Gov guidance 'COVID-19: cleaning of non-healthcare settings' The site manager arranges enhanced cleaning to be undertaken where required 	3	4	16	 Site Manager Duty SLT Office Person on Recept Host of Guest arri Site Manager Rota staff Duty SLT Office Catering Manage and 8 Site Manage
Actions if a person becomes unwell with COVID-19 symptoms -	Students, Employees, Visitors and Contractors	 Maintaining records - Records of contacts are updated on a daily basis, noting that it may need to be retrieved for the previous 21 days. Data review and escalation - The setting will collect the data identified and follows the responsibilities section for escalation and data sharing. Planning for if a person becomes unwell with COVID-19 symptoms and isolation requirements – A suitable room (Old Caretakers House - Downstairs) has been identified to wait in and is large enough to keep a 2 metre distance between the ill person and any supervising staff (close to a toilet where possible there is separate use of toilet and handwashing facilities nearby.	2	4	8	 Admin Manage Reception Staff Admin Manage Headteacher Headteacher Headteacher / S Manager Headteacher / S Manager to 9. Spread of infection	Students, Employees, Visitors and Contractors	 a. Preparations are in place to communicate with parents as appropriate. b. Parents/carers will be advised to notify the setting as scon as the test result is known. c. Book a test if staff, parents or their child are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. d. Staff and puplis must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit. e. Provide details of anyone they or their child have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace f. Self-isolate if they have been in close contact with someone who tests positive for coronavirus (COVID-19). g. Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the NHS testing and tracing for coronavirus societ, so ordered by telephone via NHS 119 for those without access to the internet. Essential workers, which includes anyone involved in education or childcare, have priority access to testing. 6. Symptomatic staff member a. Staff members b. An offer will be made to notify other settings where the member of staff has household members in other settings on the staff members behalf in order to support isolation action. c. Managers will check contact records for the previous 48 hours as soon as they are aware of a symptomatic staff member. Where they lidentify other staff members who are not part of that person's bubble or group who have been close contacts e.g. unintentional or ad-hoc, managers will follow the guidance to ensure that work arrangements are altered where required. d. The emp	2	4	8	1. Site Manager 2. Deputy Headtea 3. Headteacher / Deputy Headteacher Pastoral Managers Attendance Officer 4. All Staff
		 Any additional provisions for pupils who are vulnerable to infections are put in place, in liaison with the pupil's parents where necessary. 				5 & 6. Deputy Headteacher / Assis SENCO / Pastoral Managers
Poor management of infectious diseases	Students, Employees, Visitors and Contractors	 Everyone is instructed to monitor themselves and others and look out for similar symptoms if a pupil or staff member has been sent home with suspected coronavirus. Staff are vigilant and report concerns about their own, a colleague's or a pupil's symptoms to their line manager or headteacher 	2	4	8	1 & 2. All Staff 3. Headteacher

		 The school is consistent in its approach to the management of suspected and confirmed cases of coronavirus. The school is informed by pupils' parents when pupils return to school after having coronavirus – the school informs the relevant staff. Staff inform the headteacher when they plan to return to work after having coronavirus. The site manager monitors the cleaning standards of school cleaning staff/contractors and discusses any additional measures required with regards to managing the spread of coronavirus. 				 4. Deputy Headteacher / Pastoral Managers / Attendance Officer 5. All Staff 6. Site Manager 		
Communication	Students, Employees, Visitors and Contractors	 General Arrangements - Arrangements have been put in place to ensure communication and collaboration between pupils, staff, staff representatives (e.g. unions) and parents. Communication routes are publicised and have been formally planned. Arrangements are in place to ensure that parents support the school requirements and to support hygiene requirements with pupils both in and outside the school. Parents and carers have been communicated with about symptoms and household isolation requirements Staff report immediately to the headteacher about any cases of suspected coronavirus, even if they are unsure. The headteacher contacts the local HPT immediately about any suspected cases of coronavirus, even if they are unsure, and discusses if any further action needs to be taken. Schools put into place any actions or precautions advised by their local HPT. Schools contact their local HPT for specific recommendations for their school. Schools keep staff, pupils and parents adequately updated about any changes to infection control procedures as necessary. A letter (Communicating arrangements with parents and parent engagement has been completed and sent to all parents/Carers, where required the School has added additional information that has been identified in this risk assessment Visitors - Information about visitor arrangements are displayed in a suitable place where necessary, including information is also shared on the school website or directly with visitors in advance. A record of all visitors should be kept Communicating arrangements - Site signage has been reviewed Site changes such as entrances and exits will be identified where required Communicatin	2	4	8	 1a) Headteacher 1b) & c) Deputy Headteacher 1d) to h) Headteacher 1 i) Deputy Headteacer 2. Admin Manager/Head's PA 3. Headteacher / Site Manager 	11/01/21	
Disruption to the running of the school and exams	Students, Employees, Visitors and Contractors	 The school adheres to and keeps up-to-date with the latest local and national advice about school closures – advice is sought from the LA, local HPT or DfE helpline where required. 	2	3	6	1. Headteacher	11/01/21	
Preparing for a school closure	Students, Employees, Visitors and Contractors	 The school communicates with parents via letter, text or eMail as soon as possible about a school closure and the cancellation of any school trips or extra-curricular activities. Pupils are informed via small group/virtual assembly about the school closure and what is expected of them should they need to work from home. The headteacher puts a plan in place to manage staff workload in preparation for a school closure. The headteacher puts a plan in place for pupils' continued education during a school closure to ensure there is minimal disruption to pupils' learning – this includes a plan to monitor pupils' learning while not in school. The Behavioural Policy and Staff Code of Conduct are adhered to at all times, even while working remotely. Communication lines are kept open between staff during a school closure – staff know to report to their line manager if there is an issue. 	2	3	6	 Headteacher Headteacher / Deputy Headteacher & 4 Headteacher & 6 SLT to 9 Headteacher 	11/01/21	

	-					-
Vacant and partially open premises	Students, Employees, Visitors and Contractors	 The headteacher ensures all pupils have access to school work and the necessary reading materials at home, prior to a school closure. The headteacher works with the WNAT ICT team to ensure that all technology used is accessible to all pupils – alternative arrangements are put in place where required. The headteacher liaises with the relevant organisations to ensure adequate provision is in place for all pupils to be able to work from home, e.g. learning support. The Site Manager arranges for the school to be deep cleaned if necessary in the event there is a school closure if required. The school manages the use of parents' and pupils' contact details in line with the Data Protection Policy and Records Management Policy, e.g. collecting emails to send school work to the pupil. During partial or full closure, educational settings continue to be responsible for a range of health and safety measures and statutory compliance. Gov Guidance <u>Guidance for full opening: schools</u> Access to the school is restricted – additional security is arranged and put in place, as necessary The headteacher and site manager remain on-call in case of an emergency or if access to the school is required. External signage is visible to show that the school is closed and that access is restricted. Valuable school property and equipment is identified and reasonable measures are in place to ensure security. The site manager ensures the school premises are safe to return to before school activity resumes. Any hazards are reported to the headteacher as soon as possible and issues are resolved prior to staff and pupils returning to school. 	2	2	4	 Site Manager Data Manager Data Manager Headteacher / S Manager / Duty Sl Officer Site Manager Headteacher / S Manager Headteacher / S Manager Headteacher Headteacher
Contractor working	Students, Employees, Visitors and Contractors	 and national advice. 1. Contractors should be directed to follow guidance issued and approved by HM Gov delivered by the <u>Construction Leadership Council: Site Operating Procedures - Protecting Your Workforce</u>. 2. Where possible visits that are not essential to education and safeguarding can happen out of hours. 3. Where visits cannot take place outside of school ours, e.g. because they cannot be rescheduled or are needed during the day, an assessment of how social distancing can be maintained must be carried out and agreed in advance. 	2	4	8	1 Site Manager 2 & 3 Site Manager Headteacher 4 Site Manager
Emergencies	Students, Employees, Visitors and Contractors	 Contractors who provide services on school premises have confirmed they are COVID-19 secure Fire evacuation - Fire evacuation - Fire assembly points have been reviewed to ensure that pupils do not gather in groups, where required, separate assembly points have been introduced in order to prevent large gatherings in one place. Fire drills that are carried out encourage social distancing. Staff and pupils understand that in an emergency they must leave without delay First aid - First aid needs assessment - You should discuss the risk assessment with your first aiders so they are confident about providing the right assistance. This includes knowing what equipment they can use to minimise risk of infection transmission, as explained below Guidance for first aiders Try to assist at a safe distance from the casualty as much as you can and minimise the time you share a breathing zone. If they (casualty) are capable, tell them to do things for you, but treating the casualty properly should be your first concern. Remember the 3P model – preserve life, prevent worsening, promote recovery. Preserve life: CPR	2	4	8	1. Headteacher 2. Deputy Headtea / First Aiders

	Visitors and	a. Short duration, ad hoc work is avoided where possible				1 g) & h) AHT		
	Contractors	b. They are assigned to consistent groups in the same way as permanent staff are to limit the number of children they interact with (coaching timetables have been rearranged to longer rotas than normal where				Curriculum		
		necessary)				1 i) & j) Headteacher		
		c. All infection control requirements are followed.						
		d. Temporary staff who work at more than one setting is avoided where it is possible.				2. Headteacher / Trust		
		e. Where multisite working is necessary 48 hours between site visits are applied where it is possible in order						
		to reduce the number of close contacts between different settings.				3. Site Manager		
		f. Longer assignments with supply teachers are agreed where possible in order to limit the number of						
		temporary staff entering the school premises.				4 and 5 Headteacher		
		 g. Consistent working arrangements are applied to ITT trainees. h. Where teachers and other staff need to operate across different classes and year groups in order to 						
		facilitate the delivery of the school timetable, they are assigned consistently in line with wider principles of						
		bubbles.						
		i. Wherever bubbles are compromised as a result of timetable, curriculum or other delivery needs the setting						
		ensures scrupulous compliance with all of the required infection control measures because the increases						
		in staff changes increases the opportunity for the virus to transmit						
		j. Where volunteers are used the same staff principles are applied.						
		2. Business support and premises management staff -						
		 a. Staff work from home is instigated as a normal activity b. Hot desking is avoided 						
		3. Premises and cleaning staff -						
		 a. Staff who carry out cleaning are familiar with the cleaning and disinfecting processes that are required at this time. 						
		b. Activities are scheduled to avoid times where pupils and staff are using the same areas unless staff are						
		part of the same bubble/group. c. Staff who carry out cleaning and disinfection have the appropriate equipment required if cleaning is						
		needed after a symptomatic person has left the building.						
		4. Volunteers - will work in the school only where essential and will be provided with the same information,						
		instruction and support as staff members.						
		5. Peripatetic teachers						
		a. Schools can continue to engage peripatetic teachers during this period via home learning systems on in						
Pupil and staff		one school only 1. Developing Groups - Main groups have been developed that are the smallest practicable whilst enabling all	2	4	8	1 a) & b) AHT	11/01/21	
grouping		pupils to return and a full curriculum to be taught.	_	1		Curriculum	11/01/21	
33		a. Groups are kept as static as possible including staff assigned to the groups

Reducing and managing visitors	Employees, Visitors and Contractors 2. 3. 4. 5. 6. 7. 7. 8. 9. 10. 11. 12.	Parents must be advised that they should only come into the school for essential reasons e.g. illness or safeguarding factors and information about contacting by phone instead of having face to face meetings. Only one parent will be allowed to visit the school in these circumstances. All visits to the school should be requested through reception so that these can be co-ordinated / managed to ensure preventative measures for COVID-19 are followed and to minimise unnecessary social contact. Visitor meetings should take place within the Old Caretakers House (unless COVID-19 case has used the facility within the last 72 hours) The number of visitors has been minimised as much as possible Visitor times are planned to separate visitors from other site users Visits are by appointment only Visitors are advised of the following in advance: a. Expectations while they are on the site, which entrances and exits to use, vehicle movement and parking and how you will ensure their safety b. Any specific arrangements for example, areas of the premises that are suitable for use, and to not use spaces that are already occupied. c. Action to take if they cannot maintain/keep away from others d. To leave the setting immediately if they develop symptoms, no matter how mild. e. How you will maintain social distancing during visits Visitors confirm that they do not have symptoms no matter how mild. Visitors who sign in either use their on an are provided with a pen that they take with them. The reception is operating on a one in and one out basis for essential visitors Where reception desks are open, staff maintain a 2 metre distance from visitors, (the use of floor markings may be considered useful). Where this is not possible screens have been installed to protect staff Visitor records are maintained for contact tracing requirements	2	4	8	 Deputy Headtead to 7. Admin Mana / Reception to 10. Reception Host meeting the vis to 13. Admin Manager / Receptio
Travel and parking	1.	 General - a. The school have assessed that any additional vehicles and vehicle movements can be carried out safely (a vehicle movement assessment has been carried out where required) b. Carers/parents in clinically vulnerable groups are discouraged through communications, from dropping off and picking up children Cycling - Pupils are instructed to use bike racks one at a time. Car journeys - a. Parents, staff and pupils have been advised not to gather in parking areas. b. Parents and staff have been advised that only the same household members should travel together by car 	2	4	8	1 to 4 Deputy Headteacher 5a) to g) Deputy Headteacher 5h) Site Manager 5 i) All Staff

		c. Staff do not transport a symptomatic pupil (unless specifically in relation to a residential setting).			5) ii to viii Deputy		
		4. On Foot -			Headteacher		
		a. Pupils and parents have been advised that it is preferable that members of the household should walk					
		to the school together where possible			6) Headteacher		
		b. Pupils and parents have been advised that they should not walk together in large groups			,		
		5. Dedicated School Transport -					
		a. The approach to dedicated transport should align wherever possible with the principles underpinning					
		the system of controls set out in this document and with the approach being adopted for your school. It					
		is important, wherever it is possible, that:					
		i. social distancing should be maximised within vehicles					
		ii. children either sit with their 'bubble' on school transport, or with the same constant group of					
		children each day					
		iii. children should clean their hands before boarding transport and again on disembarking					
		iv. additional cleaning of vehicles is put in place					
		v. organised queuing and boarding is put in place					
		vi. through ventilation, fresh air (from outside the vehicle) is maximised, particularly through					
		opening windows and ceiling vents					
		vii. Children must not board home to school transport if they, or a member of their household, has					
		symptoms of coronavirus (COVID-19).					
		viii. In accordance with advice from PHE, children and young people aged 11 and over are to wear		1			
		a face covering when travelling on dedicated transport.					
		6. Wider Public Transport -					
		a. Pupils, parents and staff have been advised not to use school transport if they have symptoms					
		b. Pupils, parents and staff have been advised to wash their hands before and after using transport					
		services					
		c. Pupils, parents and staff have been advised of the government advice to wear face coverings when					
		travelling on public transport, unless it is not safe to do so					
		d. Markings are provided where queuing is required for transport services on school premises

i. Handwashing - Requiring increased handwashing before and after handling equipment,	
especially if being used by more than one person.	
ii. Avoiding sharing instruments - Avoid and equipment wherever possible. Place name labels	
on equipment to help identify the designated user, for example, percussionists' own sticks and mallets. If instruments and equipment have to be shared, disinfect regularly (including any	
packing cases, handles, props, chairs, microphones and music stands) and always between	
users, following government guidance on cleaning and handling equipment available	
at hygiene: handwashing, sanitation facilities and toilets. Instruments should be cleaned by	
the pupils playing them, where possible	
iii. Handling scores, parts and scripts - Limit handling of music scores, parts and scripts to the	
individual using them.	
iv. Suppliers - Consider limiting the number of suppliers when hiring instruments and equipment.	
Schools should agree whose responsibility cleaning hired instruments is with the suppliers.	
Clean hire equipment, tools or other equipment on arrival and before first use. Equipment and instruments should be stored in a clean location if you take delivery of them before they are	
needed, and they should be cleaned before first use and before returning the instrument.	
v. Pick up and drop off points - Pick up and drop off collection points should be created where	
possible, rather than passing equipment such as props, scripts, scores and microphones	
hand-to-hand.	
h. Individual lessons and performance in groups	
i. Individual lessons in music, dance and drama can resume in schools. This may mean	
teachers interacting with pupils from multiple groups, so you will need to take particular care,	
in line with the measures set out above (staffing arrangements) on peripatetic teachers.	
 In individual lessons for music, dance and drama, social distancing should be maintained wherever possible, meaning teachers should not provide physical correction. 	
iii. Specific safety measures for individual music lessons are set out in the following sections:	
1. Social distancing - Measures should include specific social distancing between pupil	
and teacher (current guidance is that if the activity is face-to-face and without	
mitigations, 2 metres is appropriate), accounting for ventilation of the space being	
used. Pupil and teacher should be positioned side by side if possible.	
2. Avoid sharing instruments - Avoid sharing instruments and equipment wherever	
possible and place name labels on equipment to help identify the designated user, for	
example, percussionists' own sticks and mallets If instruments and equipment have to be shared, they should be regularly disinfected (including any packing cases,	
handles, props, chairs, microphones and music stands) and always between users, following government guidance	
on cleaning and handling equipment. Instruments should be cleaned by the individuals playing them, where possible	
3. Scores, parts and scripts - Limit the handling of music scores, parts and scripts to	
the person using them.	
2. Drama and performances –	
a. Performances with audiences do not take place	
b. Activities that involve raised voices or shouting do not take place.	
c. Consideration is given to operating smaller class sizes where possible to support distancing and	
hygiene management	
 d. Outside drama is planned as a first consideration where possible e. In all cases the following will be applied: 	
i. Increasing hand hygiene and surface cleaning	
ii. Using back to back or side to side positioning	
iii. Maintaining distancing	
3. Physical activity –	
Schools in tiers 1-3	
a. Schools can hold PE lessons indoors, including those that involve activities related to team sports, for	
example practising specific techniques, within their own system of controls.	
 For sport provision, outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air 	
conditioning systems wherever possible) distancing between pupils and paying scrupulous attention to	
cleaning and hygiene. This is particularly important in a sports setting because of the way in which	
people breathe during exercise.	
	· · · · · · · · · · · · · · · · · · ·

<u>г</u>		
с	. Specific arrangements for cohorting, distancing, hygiene and cleaning arrangements have been	
	reviewed and are stringently applied as much as is possible for sports.	
	. Team sports are only provided in line with the <u>return to recreational team sport framework.</u>	
e f	Prioritisation of low impact activities is given over high impact Contact aports will not take place	
I.	Contact sports will not take place	
g		
	. The use of non-personal kit is avoided as much as possible, where it is used e.g. bibs kit will be	
	carefully cleaned/laundered between uses. i. The means to collect, pass on and return shared resources and equipment to prevent close	
	contact is arranged	
	External facilities are used in line with Educational Visits arrangements.	
	The following advice has been referred to as part of the risk assessment process:	
J.	i. <u>guidance on the phased return of sport and recreation</u> and guidance from <u>Sport England</u> for	
	grassroot sport	
	ii. advice from organisation such as the <u>Association for Physical Education</u> and the <u>Youth Sport</u>	
	Trust	
k	. The use of changing rooms and showering facilities are avoided where possible. Where used:	
	i. their use has been limited e.g. allowing PE kits to be worn on arrival and for the whole day, or	
	part of the day after the lesson.	
	ii. Social distancing is maintained in these facilities, including limited the numbers in the space,	
	the use of floor markings, planning movement around the space and cleaning arrangements.	
	iii. Facilities will be used as quickly as possible	
I.	Schools are able to work with external coaches, clubs and organisations for curricular and extra-	
	curricular activities where they are satisfied that it is safe to do so. Schools should consider carefully	
	how such arrangements can operate within their wider protective measures.	
	ols in tier 4	
n	n. PE, sport and physical activity provided by schools to their own pupils under their systems of control	
	can continue. This includes sports clubs or activities before or after school, in addition to their regular	
	PE lessons. Pupils should be kept in consistent groups and sports equipment thoroughly cleaned	
	between each use by different individual groups. . Competition between different schools should not take place, in line with the local restrictions on	
	grassroots sport.	
0	. Schools can hold PE lessons indoors, including those that involve activities related to team sports, for	
Ŭ	example practising specific techniques, within their own system of controls.	
q		
P P	DCMS return to recreational team sport framework, offering the activity in line with guidance.	
a	. Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not,	
	maximising natural ventilation flows (through opening windows and doors or using air conditioning	
	systems wherever possible) distancing between pupils and paying scrupulous attention to cleaning	
	and hygiene. Where open, external facilities, including other schools' facilities, can also be used in line	
	with government guidance for the use of, and travel to and from, those facilities and schools' own	
	systems of control	
	ects involving practical activities –	
a	. Practical activities and experiments have been reviewed for appropriateness in order to keep pupils	
	distanced from each other.	
b	Consideration has been given to how practical demonstrations will take place without the need for	
	pupils to congregate at the front of the class e.g. technology will be utilised to project the	
	demonstration onto a smart board or screen to aid visibility	
c	. Where it is not safe to maintain social distancing such as D & T. smaller teaching groups will be	
	employed. Where close contact activity is required this will be for the shortest duration that is safe and	
	practical, the teacher will position themselves next to rather than in front of the pupil, all parties should	
	undertake hand hygiene before (where practical and this doesn't delay safety) and after the interaction.	
ь	. Particular thought has been paid to the use of fume cupboards, Bunsen burners, sinks and other	
d	shared equipment/spaces to prevent close contact.	
	. CLEAPSS COVID-19 resources and advice are used as part of lesson planning and for room use, this	
	includes:	
	i. Guide to doing practical work in Science	

		 ii. <u>Guide for science departments returning to school after an extended period of closure</u> iii. <u>Guide for managing practical work in non-lab environments</u> iv. <u>Guidance for schools where pupils spend all day in a lab</u> v. <u>Guidance for schools where pupils spend all day in a D&T, food or art room</u> f. All teachings spaces, prep spaces and specialist work spaces are to be tidy, well managed and resources / materials carefully stored (this will ensure methodical cleaning and hygiene practices can 		
		be maintained)		
Educational visits	Students, Employees, Visitors and Contractors	 Tiers 3 & 4 National Restrictions 1. Under a tier 3 or 4 national restriction – no educational visits should take place Tiers 1 & 2 2. No overnight educational visits are carried out 3. Outdoor spaces in the local area are used to support delivery of the curriculum 4. A risk assessment will be carried out for all educational visits: a. Planning b. Equipment c. Face coverings, d. Handwashing, e. Grouping and staying in bubbles, f. Ventilation g. Venues Covid 19 rules h. Actions on incident i. Communications j. Transport 5. A check will be requested to provide updated visitor information and briefings, including their COVID-19 arrangements 7. The school will review the arrangements to ensure that they are appropriate applying the principles that are known in relation to infection control, specially: a. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? d. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? d. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? d. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? d. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? d. Do they support good universal hygiene by visitors and staff e.g. hand washing/sanitisation stations? e. Are appropriate cleaning and disinfection arrangements in place? 	1 to 6. AHT Curriculum / Trip Leaders	
Where a pupil attends more than one	Students, Employees, Visitors and	1. Schools work together to ensure that the approach is consistent and does not compromise the group/bubble	Headteacher / Deputy Headteacher	
setting Extra-curricular provision	Contractors Students, Employees, Visitors and Contractors	 Pupils will keep within their main bubble where possible. Where it is not possible to maintain the bubbles used during the day, small consistent groups created are as follows: Keeping the groups to no more than 15 children with one or two staff members (group sizes are smaller than 15 children depending on factors such as age of the children in attendance, size of the premises or the type of activity). Social distancing will be maintained both within and between groups Parents and carers are encouraged to limit the number of settings their child attends, ideally ensuring they only attend ensuring they only attend one setting consistently Parents and carers are encouraged to attend clubs that are local to them and to walk or cycle to the club or activity Where groupings cannot be consistent or static only outside provision will be offered and the group limited to up to 6 people including staff members. Records are maintained of all bubbles or groups for 21 days Consideration is given to the types of activities organised in line with Covid 19 direction for HM Gov The total number of people permitted to attend the activity whether indoor or outdoor is limited by the space available to enable social distancing both within and between groups 	1 & 4. AHT Curriculum	11/01/21

		 h. Cleaning, hand sanitisation and waste requirements outlined in the compliance code apply to outdoor provision as well as indoor. Particular attention is given to touch points such as gates and hand rails, providing hand sanitiser at suitable outside locations and the provision of waste facilities and tissues Access to and use of toilet facilities will be considered. In particular the number of children using the toilet at any one time is managed and limited, and, where possible mixing of groups while using these facilities is avoided. As with physical activity during the school day, contact sports will not take place and activities that encourage shouting, singing or chanting, or the use of wind/brass instruments in groups will be avoided Where parents use childcare providers or out of school activities for their children, the setting has encouraged them to seek assurance that the providers are carefully considering their own protective measures, and only use those providers that can demonstrate this 					
Lunchtime and breaks		 Lunch provision considers distancing requirements and avoiding group mixing and queues and is staggered where possible. Consideration has been given to using other spaces for lunch, including classrooms and outside spaces. The use of pre-ordering and trolley services have been considered. Where times of use cannot be staggered between groups, larger spaces have been partitioned. Consideration has been given to how groups enter and leave the room without compromising groups and maintaining social distancing. Tables and seating are moved apart and reflect the maximum capacity to allow social distancing within the group. Where furniture is fixed and cannot be moved space is created by taping off/taking out of use alternate seating. Plans are in place to access facilities and avoid groups mixing, separate entrances and exits have been implemented where possible One way systems are used. Staff continue to apply social distancing within their grouping and do not gather with other groups during breaks. Staff room area use supports social distancing Social distancing continues with staff groups during these times and furniture has been arranged to support this. Touch points are wiped down between different groups. Where possible breaks are staggered to reduce the numbers of pupils who take a break at the same time and groups do not mix. Pupils and staff have identified suitable play activities for break times Pupils should maintain social distancing while on breaks Markings where required have been added to outside spaces to assist with queues when coming back into the building. 	2	4	8	1 to 8. Deputy Headteacher 9 to 11. All staff 12. Site Manager 13 to 16. Deputy Headteacher 17. Duty Staff	11/01/21
Catering	Students, Employees, Visitors and Contractors	 Additional staff supervision is employed to ensure social distancing takes place Arrangements comply with guidance for food businesses on coronavirus (COVID-19). Where catering services are contracted, the setting has ensured that the service is COVID-19 secure. The way in which essential food deliveries are received are managed Social distancing is employed at meal collection points (the use of floor tape to demarcate areas may be useful) where this is not possible screens are installed where required between pupils and serving staff Additional meal collection points have been put in place to reduce queuing where necessary Alternative payment methods are being used to eliminate cash handling Where possible tills are screened where still in use Where screens cannot be screened staff are to wear visors 				1 to 7 Catering Manager / Trust Catering Manager	11/01/21
General interactions and movement around the building	Students, Employees, Visitors and Contractors	 Circulation spaces – Movement of groups is planned to avoid group gathering/mixing Staggered movement times have been introduced to reduce the number of movements at the same time Alternative routes have been provided, such as outside areas, alternative entrances and exits One way circulation has been introduced where possible Central dividers have been installed where necessary to avoid group mixing. 	2	4	8	1. Deputy Headteacher	11/01/21
Offices and other work spaces	Students, Employees, Visitors and Contractors	 The following measures are applied where staff cannot work from home: a. Where possible furniture has been rearranged/marked as not to be used to prevent face to face working and create separation to enable distancing of staff. b. Rooms are well ventilated (see section on ventilation) c. Staff are cohorted in consistent working groups 				1 & 2. Headteacher / Site Manager	11/01/21

	 d. Unnecessary items have been removed to support effective cleaning of the area e. Hot desking is avoided 				
	f. Desks near busy circulation spaces are not used			1

	3. Storage - Hand sanitiser that is not in use will be stored with other flammable cleaning equipment (please 8. Site Manager /
	note: some types have an increased risk). This is particularly important where larger quantities are in storage
	4. Resources
	a. Students should bring into school their own ready to learn equipment. A pen will be provided to a 9 & 10. Site Manager
	student where they have failed to bring one into school. Students will keep this pen.
	b. Where resources are taken home hand hygiene, quarantining and cleaning measures are in place
	5. Laundry – Any PE clothing / Food Technology resources (e.g. tea towels) should be seen as single use items
	and then washed in accordance with manufacturers instructions.
	6. Books (books are items that are difficult to clean) –
	a. Books should not be used where possible, instead electronic versions should be used and or copied /shared via other electronic means
	b. Where books are used by pupils these should be via the Headteachers permission and only on a rotational basis with at least 72 hours between use
	c. Where teachers handle pupils books they disinfect the surfaces that they are using both before and
	afterwards as well as undertaking hand hygiene.
	d. Used books are set aside for 72 hours after use to reduce microbial load, plastic covers are disinfected after that time.
	e. Posters should only be used where they are in a locked display board and/or have been laminated so
	they can be wiped down as part of the regular cleaning procedures
	f. Books and posters checked for visible soiling and disposed of where necessary
	7. Wooden desks and wooden work surfaces –
	a. The following process is followed:
	i. Apply disinfectant and leave for the appropriate contact time applied
	ii. Re-apply disinfectant and leave to dry naturally
	8. Lunchtime - Trays, tables and chair touch points are disinfected after use
	9. Tissues and waste from bins provided –
	a. Tissues are provided in classrooms and other areas to ensure good respiratory hygiene.
	b. Bins are provided in classrooms and other key locations such as dining areas for pupils and staff to
	dispose of used tissues and are emptied regularly throughout the day
	c. Bins and tissues are provided in the same place.
	d. Waste bags for tissues are double bagged for disposal
Handwashing	1. Staff are ensuring that handwashing is carried out more frequently than normal (pupils and staff) following the 2 4 8 1 & 2. All Staff and 11/01/21
-	requirements of NHS guidance 'How to wash your hands' in an age appropriate way e.g. observing young Pupils
	pupils, instructing in the class
	2. Handwashing frequencies include: on arrival, before and after eating, before and after breaks, after going to 3. & 4 Deputy
	the toilet, before leaving and at other required intervals during the day.
	3. Hand sanitiser points are provided at key locations around the site including: at all entrance doors to the Manager
	setting, at the entrance to toilet facilities, at the entrance to dining facilities, at points of high contact such as
	near non-automatic doors in corridors, lifts and stairs, classrooms, office facilities etc. 5. Site Manager
	4. Consideration has been be given to outside points being provided in a manner that enables removal and
	securing at the end of the day e.g. on tables/temporary or movable stands etc.
	5. Hand sanitiser points have drip trays to deal with spillages and reduce the slip risk where applicable (such as
	those affixed to walls) 7. Deputy Headteacher
	6. Event related prompts are given to pupils by staff <i>after before</i> when as a more effective means of
	promoting hand hygiene that fixed time prompts.
	7. Staff, pupils (and parents) are advised that handwashing must be carried out when they arrive at home.
	8. Hand sanitiser is stored appropriately and safely according to pupil age and individual risks. Where the 9. Site Manager
	provision of hand sanitiser points presents a risk of ingestion, this risk is managed through pupil supervision
	(contact will be made with the WNAT Facilities Manager where this is not possible) 10 to 14. Deputy
	9. Where children are not able to wash their hands due to age or health conditions skin friendly cleaning wipes Headteacher
	such as baby wipes are available to use as an alternative.
	10. Supervision arrangements are in place to support pupils with handwashing where it is needed.
	11. Handwashing is being encouraged rather than using hand sanitizer wherever it is possible
	12. Handwashing is carried out using running water (static bowls are not used)
	13. Age and developmentally appropriate ways area being used to encourage pupils to follow requirements.
1	14. All staff and pupils are regularly reminded about following Catch it, Kill it, Bin it requirements. Tissues and bins
	are provided for use and handwashing is carried out after.

		 Pupils and staff are aware of the need to avoid touching their eyes, nose or mouth if hands have not been washed. Supervision arrangements are in place to support pupils with handwashing where it is needed. Handwashing is being encouraged rather than using hand sanitizer wherever it is possible Age and developmentally appropriate ways area being used to encourage pupils to follow requirements. All staff and pupils are following Catch it, Kill it, Bin it requirements. Tissues and bins are provided for use. 					
Staff health	Students, Employees, Visitors and Contractors	 Staff who are <u>clinically extremely vulnerable</u> 1. Advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable (CEV or shielding list) was published on 13 October. The guidance provides advice on what additional measures individuals in this group can take tailored to each local restriction tier. 2. In local restriction tier 4 areas, individuals who are clinically extremely vulnerable are advised to work from home and where this is not possible, they should not go into work. Individuals in this group will have been identified through a letter from the NHS or from their GP and may have been advised to shield in the past, most recently in November 2020. 3. Staff should talk to their SLT about how they will be supported, including to work from home where possible. Schools should continue to pay clinically extremely vulnerable staff on their usual terms. 4. All other staff in local restriction tier 4 can continue to attend work, including those living in a household with someone who is clinically extremely vulnerable. 5. All staff can continue to attend school in local restriction tiers 1, 2 and 3. 6. Under local restriction tier 3, staff and SLT may wish to discuss flexibilities that support clinically extremely vulnerable staff, such as staggered start times to reduce travel during rush hour. 7. Further guidance to the clinically extremely vulnerable is available. 	2 4	8	Headteacher	11/01/21	
		 8. Clinically vulnerable staff can continue to attend school. While in school they should follow the specific measures in this document to minimise the risks of transmission. 9. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing in line with the provisions set out in section 6, Prevention, of 'The system of controls: protective measures' section of this guidance. This provides that ideally, Minimise contact between individuals and maintain social distancing wherever possible. While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially distance from other adults including older children and adolescents. 10. People who live with those who are clinically extremely vulnerable or clinically vulnerable can attend the workplace unless advised otherwise by an individual letter from the NHS or a specialist doctor. 11. Individual assessment - All individuals requiring a specific risk assessment have been identified, risk assessments have been undertaken in line with COVID-19. 12. Symptoms - Staff will go home as soon as possible if they develop symptoms 13. COVID Testing - Staff are encouraged to have testing in line with school procedures or when they or a member of their household develop symptoms, this will reduce the need to self-isolate in the event of a negative test. 14. Wellbeing - Suitable supportive measures have been put in place for staff, for example, how to obtain wellbeing support a. Where possible, flexible work practices have been put in place to promote a positive work-life balance for all staff. 					
Pregnant persons	Students, Employees, Visitors and Contractors	 Pregnant women are considered 'clinically vulnerable' or in some cases 'clinically extremely vulnerable' to coronavirus (COVID-19) and therefore require special consideration as set out in the <u>guidance for pregnant employees</u>. Schools should carry out a risk assessment to follow the Management of Health and Safety at Work Regulations 1999 (MHSW). More information is available on <u>Protect vulnerable workers during the coronavirus (COVID-19) pandemic</u>. Information contained in the <u>Royal College of Obstetricians and Gynaecologists and the Royal College of Midwives guidance on coronavirus (COVID-19)</u> in pregnancy should be used as the basis for a risk assessment. Pregnant women of any gestation should not be required to continue working if this is not supported by the risk assessment. Women who are 28 weeks pregnant and beyond, or are pregnant and have an underlying health condition that puts 	2 4	8	Headteacher	11/01/21	

		precautionary approach. Schools should ensure pregnant women are able to adhere to any active national guidance					
		on social distancing and/or advice for pregnant women considered to be clinically extremely vulnerable (this group may previously have been advised to shield).					
Staff who may otherwise be at increased risk from coronavirus (COVID-19)	Students, Employees, Visitors and Contractors	Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the <u>COVID-19</u> : review of disparities in risks and outcomes report, which looked at different factors including age and sex, where people live, deprivation, ethnicity, people's occupation and care home residence. These staff can attend school as long as the system of controls set out in this Risk Assessment are in place. People who live with those who have comparatively increased risk from coronavirus (COVID-19) can attend the workplace	2	4	8	Headteacher	11/01/21
Pupil health		 Symptoms Pupils know what the main symptoms are and who to report to if they develop symptoms, no matter how mild Staff check with pupils regarding symptoms on their arrival and remain vigilant for developing symptoms sthroughout the day Arrangements are in place for the management of pupils who are not able to communicate their symptoms and staff are aware of these arrangements e.g. temperature checks COVID Testing - Parents are encouraged to have testing carried where it is available, where their child or member of their household develops symptoms to reduce the impact of isolation in relation to negative testing. Self-Isolation and shielding guidance for children and young people – A small number of pupils will still be unable to attend in line with public health advice to self-isolate because: 	2	4	8	1 to 6 Deputy Headteacher	11/01/21

	11/01/21

Staff instruction		 iii. Ensure that the pupil washing their hands before and after where able to or use skin friendly hand wipes before and after iv. Checking that the person does not have symptoms as detailed in the compliance code. c. Staff are aware of the required infection control measures and understanding that the normal PPE that would have previously been used is still required. 6. Pupil well-being, mental health and behaviour – a. Arrangements are in place to ensure that mental health and well-being difficulties for pupils as a result of their experiences while staying at home. This may particularly be the case for vulnerable children, including those with a social worker and young carers. b. Support will be provided for: pupils who need support to re-adjust to school, those who may be relucant to return, those showing signs or more severe anxiety and depression. c. The existing arrangements will be followed for supporting students who are distressed and where safeguarding issues come to light. d. Pupils are encouraged to understand that it is normal to experience different reactions and are encouraged to discuss their questions and concerns. It is important to contextualise these feelings as normal responses to an abnormal situation. e. Available resources are used to identify and support students and staff who exhibit signs of distress. f. Behaviour will be managed as it normally would in order to encourage universal hygiene and new safety arrangements. 1. All staff have been instructed on the nature of COVID-19 and its transmission. They have confirmed they understand the reason for the control measures that are required. b. All staff have confirmed that they are confident in applying the control measures identified in this assessment. c. Staff have confirmed that they are confident in applying the control measures identified in this assessment. c. Staff have been involved in the pr	2	4	8	1. Headteacher
		 h. Staff have received instruction in the actions to take if they or a member of their household develops symptoms, how to arrange for testing and will share test results as soon as they are available. i. Staff confirm they will follow instructions that they are provided as a result of being advised to isolate through tracing arrangements. j. The School has ensured that particular attention has been paid to new/inexperienced staff, trainees and those with additional significant role changes. 				
PPE and Face coverings	Students, Employees, Visitors and Contractors	 PPE - Arrangements are in place to ensure that PPE guidance is applied in line with the circumstances relating to the local COVID alert level. <u>Face coverings in education</u> - Pupils have been advised that it is mandatory to wear face coverings on public transport. Schools that teach children in years 7 and above and which are in local restriction tier 1: medium alert will have the discretion to require face coverings for pupils, staff and visitors in indoor areas outside the classroom where social distancing cannot easily be maintained, such as corridors and communal areas and it has been deemed appropriate in those circumstances. Primary school children will not need to wear a face covering. In primary schools where social distancing is not possible in indoor areas outside of classrooms between members of staff or visitors, for example in staffrooms, headteachers will have the discretion to decide whether to ask staff or visitors to wear, or agree to them wearing face coverings in these circumstances. Local restriction tiers: 2, 3 or 4 When an area moves to local restriction tiers: 2, 3 or 4 high or national restrictions in settings where pupils in year 7 and above are educated, face coverings should be worn by adults and pupils when moving around the 				1 to 8. Deputy Headteacher
		premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained. This does not apply to younger children in primary schools and in early years settings.				

er	11/01/21	
	11/01/21	

		 The Trust considers it is a proportional response to request evidence of a face covering exemption to ensure the health and safety of other people within school settings. Arrangements are in place for the safe removal of face coverings on arrival at the setting which has been communicated to pupils and staff including: The wearer must not touch the front of their face during use or when removing the face covering. They must bring a bag or other suitable receptacle with them to place the covering in or dispose of it in a bin. 						
Increasing ventilation	Students, Employees, Visitors and Contractors	 c. They must perform hand hygiene on arrival at the setting and after removing their face covering. 1. Once the school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained. a. This can be achieved by a variety of measures including:				Headteacher / Site Manager	11/01/21	
Educational tools DSE and	Students and	 Infection control education Age appropriate education is used to encourage pupils to: become advocates for disease prevention and control at home, in school, and in their community by talking to others about how to prevent the spread. encourage pupils to follow social distancing, increased hand washing and information about developing symptoms of viruses The following resources are used where appropriate:	2	4	8	2. Deputy Headteacher Headteacher	11/01/21	
Working from	Students and Staff.	assessment for people working from home C629d		3	3	Headteacher	11/01/21	
Testing	Students and Employees,	 Secondary schools participating in the rapid asymptomatic testing programme should follow the <u>Mass asymptomatic testing: schools and colleges guidance.</u> Manage confirmed cases of coronavirus (COVID-19) amongst the school community Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19) having developed symptoms and taken a PCR test outside of school. Where individuals who are self-isolating and are within our definition of vulnerable, it is important that schools put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support. Contain any outbreak by following local health protection team advice 	2	4	8	Headteacher	11/01/21	Where staff and students have given formal consent they will undertake regular lateral flow testing for the prevalence of COVID-19 to reduce risk further. Any member of staff or student that as COVID-19 symptoms will be requested to self- isolate in line with Public Health England advice. Any

		 Secondary schools participating in the rapid asymptomatic testing programme should refer to the guidance for asymptomatic testing in schools and colleges to ensure contacts of the positive case are tested. Primary schools and any secondary schools not participating in the rapid asymptomatic testing programme must follow the advice below: a. If schools have two or more confirmed cases within 10 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their local health protection team who will be able to advise if additional action is required 				member of staff or student that may have been in close proximity to someone in school that has tested positive will be asked to undertake a daily lateral flow test upon their arrival to school. If they are unable to do this they will also be required to self-isolate.
Review of existing assessments	Students, Employees, Visitors and Contractors	 The setting regularly reviews their arrangements in line with compliance code updates Review arrangements ensure that the control measures are effective and working as planned. 		Headteacher	11/01/21
