**Trust:** WNAT  
**School:** Marshland High School  
**Phase:** Secondary  
**Assessor Name:** M Fitzpatrick / C Jansen  
**Manager Name:** A Johnson

**Assessment Number:** 09  
**Assessment Date:** 08/03/21  
**Review Date:** 07/03/22 or in the event of significant change.

The system of controls: protective measures

Having assessed the risk, schools must work through the below system of controls, adopting measures in a way that addresses the risk identified in their assessment, works for their school, and allows them to deliver a broad and balanced curriculum for their pupils, including full educational and care support for those pupils who have SEND.

If schools follow the guidance set out here they will effectively reduce risks in their school and create an inherently safer environment.

**System of controls**

This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more detail in the sections below.

**Prevention**

- 1) Minimise contact with individuals who are required to self-isolate by ensuring they do not attend the school.
- 2) Ensure face coverings are used in recommended circumstances.
- 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual.
- 4) Ensure good respiratory hygiene for everyone by promoting the 'catch it, bin it, kill it' approach.
- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.

**In specific circumstances:**

- 8) Ensure individuals wear the appropriate personal protective equipment (PPE) where necessary
- 9) Promote and engage in asymptomatic testing, where available.

**Response to any infection**

**You must always:**

- 10) Promote and engage with the NHS Test and Trace process.
- 11) Manage and report confirmed cases of coronavirus (COVID-19) amongst the school community.
- 12) Contain any outbreak by following local health protection team advice.

Response to any infection	Students, Employees, Visitors and Contractors	<p>1. <b>Staff members, parents and carers will need to:</b></p> <p>a. book a test if they or their child has symptoms - the main symptoms are:</p> <ol style="list-style-type: none"> <li>i. a high temperature</li> <li>ii. a new continuous cough</li> <li>iii. a loss or change to your sense of smell or taste</li> </ol> <p>b. self-isolate immediately and not come to school if:</p> <ol style="list-style-type: none"> <li>i. they develop symptoms</li> <li>ii. they have been in close contact with someone who tests positive for coronavirus (COVID-19)</li> <li>iii. anyone in their household or support or childcare bubble develops symptoms of coronavirus (COVID-19)</li> <li>iv. they are required to do so having recently travelled from certain other countries</li> <li>v. they have been advised to isolate by NHS test and trace or the PHE local health protection team, which is a legal obligation</li> </ol> <p>c. provide details of anyone they have been in close contact with, if they test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace</p> <p>2. <b>Manage confirmed cases of coronavirus (COVID-19) amongst the school community</b></p> <p>a. You must take swift action when you become aware that someone who has attended has tested positive for coronavirus (COVID-19) having developed symptoms and taken a PCR test outside of school.</p> <p>b. If you would like support on the action you should take to respond to a positive case, you can contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority. This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. You will be put through to a team of advisers who will inform you of what action is needed based on the latest public health advice.</p> <p>c. The advice service (or PHE local health protection team if escalated) will work with you to guide you through the actions you need to take. Based on their advice, you must send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate immediately and for the next 10 full days counting from the day after contact with the individual who tested positive.</p> <p>d. Close contact means:</p> <ol style="list-style-type: none"> <li>i. anyone who lives in the same household as someone with coronavirus (COVID-19) symptoms or who has tested positive for coronavirus (COVID-19)</li> <li>ii. anyone who has had any of the following types of contact with someone who has tested positive for coronavirus (COVID-19) with a PCR or LFD test: <ol style="list-style-type: none"> <li>1. face-to-face contact including being coughed on or having a face-to face conversation within 1 metre</li> <li>2. been within 1 metre for 1 minute or longer without face-to-face contact</li> <li>3. sexual contacts</li> <li>4. been within 2 metres of someone for more than 15 minutes (either as a one-off contact, or added up together over one day)</li> <li>5. travelled in the same vehicle or a plane</li> </ol> </li> </ol> <p>3. <b>Contact tracing</b> - The school will notify the PHE HPT and the Trust straight away if they are made aware of a member of staff or child in a cohort has tested positive.</p> <p>4. <b>PHE HPT Actions</b> - The school will notify the PHE HPT and the Trust straight away if they are made aware of a member of staff or child in a cohort has tested positive.</p> <p>5. <b>Test result actions –</b></p> <p>a. The school will contact the Trust in the event of a positive test.</p> <p>6. <b>Education contingency planning</b> - The setting has plans in place to be able to provide remote education to pupils who are isolating or staying at home under localised outbreak control arrangements.</p>	2	4	8	<p>1. to 5. Preparing for a school closure	Students, Employees, Visitors and Contractors	<p>1. The school communicates with parents via letter, text or email as soon as possible about a school closure and the cancellation of any school trips or extra-curricular activities.</p> <p>2. Pupils are informed via small group/virtual assembly about the school closure and what is expected of them should they need to work from home.</p> <p>3. The headteacher puts a plan in place to manage staff workload in preparation for a school closure.</p> <p>4. The headteacher puts a plan in place for pupils' continued education during a school closure to ensure there is minimal disruption to pupils' learning – this includes a plan to monitor pupils' learning while not in school.</p> <p>5. The Behavioural Policy and Staff Code of Conduct are adhered to at all times, even while working remotely.</p> <p>6. Communication lines are kept open between staff during a school closure – staff know to report to their line manager if there is an issue.</p> <p>7. The headteacher ensures all pupils have access to school work and the necessary reading materials at home, prior to a school closure.</p> <p>8. The headteacher works with the WNAT ICT team to ensure that all technology used is accessible to all pupils – alternative arrangements are put in place where required.</p> <p>9. The headteacher liaises with the relevant organisations to ensure adequate provision is in place for all pupils to be able to work from home, e.g. learning support.</p> <p>10. The Site Manager arranges for the school to be deep cleaned if necessary in the event there is a school closure if required.</p> <p>11. The school manages the use of parents' and pupils' contact details in line with the Data Protection Policy and Records Management Policy, e.g. collecting emails to send school work to the pupil.</p>	2	3	6	<p>1. Executive Management Team responsibilities	Students, Employees, Visitors and Contractors	<p>1. <b>Ensuring Compliance</b> - The school will follow their normal arrangements to encourage safe behaviours and actions if Trust/School standards are not followed.</p> <p>a. The Senior management team have reviewed the operation of the setting in the light of welcoming all children and young people back during the pandemic and have made alterations so that:</p> <p>b. The number of contacts that pupils and staff have during the school day are minimised</p> <p>c. The distance between people in the setting is maximised as much as possible,</p> <p>d. Implementation of robust universal hygiene measures is supported through the provision of hygiene stations, reducing contact points and touch surfaces and supporting effective hand drying</p> <p>e. Enhanced cleaning arrangements can be implemented</p> <p>f. The whole setting community are engaged with and support the national effort to reduce the spread of the virus</p> <p>g. Specific consideration has been given to the management of the first day back and consideration given to staggering returns to eliminate groups gathering together</p> <p>2. <b>Trustee engagement</b> - Trustees are involved and supporting the school to ensure that required actions are completed and have reviewed this assessment as part of their role.</p> <p>3. <b>Safeguarding</b> - The introduction of new arrangements have been reviewed by the Executive Management Team ensure that they do not impact on safeguarding requirements in the Trust/School</p> <p>4. <b>Premises adaptations</b> - Small adaptations identified through risk assessment such as installation of door guards to keep doors open in order to improve ventilation; efficient hand driers to ensure thorough hand drying have been authorised and actioned.</p> <p>5. <b>Supply chain</b> -</p> <p>a. Business management teams will ensure that arrangements are in place for the continuity of essential supplies, for example, cleaning and disinfection products, liquid soap, paper towels (where used), hand sanitiser and PPE that is specified in PPE guidance.</p> <p>b. Staffing arrangements	Students, Employees, Visitors and Contractors	<p>1. <b>Staffing levels</b> – Temporary staff, external specialist support staff and specialist coaches are permitted on the following basis:</p> <p>a. Short duration, ad hoc work is avoided where possible</p> <p>b. They are assigned to consistent groups in the same way as permanent staff are to limit the number of children they interact with (coaching timetables have been rearranged to longer rotas than normal where necessary)</p> <p>c. All infection control requirements are followed.</p> <p>d. Longer assignments with supply teachers are agreed where possible in order to limit the number of temporary staff entering the school premises.</p> <p>e. Teaching staff breaks are organised in a way that avoids staff covering from a different group</p> <p>f. ITT trainees can continue to go into their host school.</p> <p>g. Where teachers and other staff need to operate across different classes and year groups in order to facilitate the delivery of the school timetable, they are assigned consistently in line with wider principles of bubbles.</p> <p>h. Wherever bubbles are compromised as a result of timetable, curriculum or other delivery needs the setting ensures scrupulous compliance with all of the required infection control measures because the increases in staff changes increases the opportunity for the virus to transmit</p> <p>i. Where volunteers are used the same staff principles are applied.</p> <p>2. <b>Business support and premises management staff</b> -</p> <p>a. Staff work from home is instigated as a normal activity</p> <p>b. Specialist curriculum considerations	Students, Employees, Visitors and Contractors	<p>1. <b>Music, Dance and Drama</b>- You should continue teaching music, dance and drama as part of your school curriculum. There may, however, be an additional risk of infection in environments where singing, chanting, playing wind or brass instruments, dance or drama takes place.</p> <p>2. The overarching objective should be to reduce the number of contacts amongst pupils, and between pupils and staff, including for rehearsal and performance. As set out in the system of controls, this can be achieved through keeping groups separate (in bubbles) and through maintaining social distance between individuals.</p>				1. Head of Music / AHT Curriculum 2. Head od Drama / AHT Curriculum	08/03/21	

		<p>These are not alternative options. Both measures will help, but the balance between them will change depending on the age of pupils, the layout of the building, and the feasibility of keeping groups separate from each other while offering a broad curriculum.</p> <ol style="list-style-type: none"> <li>a. <b>Playing outdoors</b> - Playing instruments and singing in groups should take place outdoors wherever possible. If indoors, consider limiting the numbers in relation to the space.</li> <li>b. <b>Playing indoors</b> - If indoors, use a room with as much space as possible, for example, larger rooms; rooms with high ceilings are expected to enable dilution of aerosol transmission. If playing indoors, limiting the numbers to account for ventilation of the space and the ability to social distance. It is important to ensure good ventilation. Advice on this can be found in Health and Safety Executive guidance on <a href="#">air conditioning and ventilation during the coronavirus outbreak</a>.</li> <li>c. <b>Singing, wind and brass playing</b> - Singing, wind and brass instrument playing can be undertaken in line with this and other guidance, including guidance provided by the DCMS for professionals and non-professionals, available at <a href="#">working safely during coronavirus (COVID-19): performing arts</a>.</li> <li>d. <b>Singing, wind and brass playing in groups</b> - Singing, wind and brass playing should not take place in larger groups such as choirs and ensembles, or assemblies unless significant space, natural airflow and strict social distancing and mitigation can be maintained</li> <li>e. <b>Social distancing</b> - You should take particular care in music, dance and drama lessons to observe social distancing where possible. This may limit group activity in these subjects in terms of numbers in each group. It will also prevent physical correction by teachers and contact between pupil in dance and drama.</li> <li>f. In the smaller groups where these activities can take place, schools should observe strict social distancing between each singer and player, and between singers and players, and any other people such as conductors, other musicians, or accompanists. Current guidance is that if the activity is face-to-face and without mitigating actions, 2 metres is appropriate. Pupils should use seating where practical to help maintain social distancing.</li> <li>g. <b>Seating positions</b> - Pupils should be positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. Position wind and brass players so that the air from their instrument does not blow into another player.</li> <li>h. <b>Microphones</b> - Use microphones where possible or encourage singing quietly.</li> <li>i. <b>Handling equipment and instruments</b> - Measures to take when handling equipment, including instruments, include the following       <ol style="list-style-type: none"> <li>i. <b>Handwashing</b> - Requiring increased handwashing before and after handling equipment, especially if being used by more than one person.</li> <li>ii. <b>Avoiding sharing instruments</b> - Avoid and equipment wherever possible. Place name labels on equipment to help identify the designated user, for example, percussionists' own sticks and mallets. If instruments and equipment have to be shared, disinfect regularly (including any packing cases, handles, props, chairs, microphones and music stands) and always between users, following government guidance on cleaning and handling equipment available at <a href="#">hygiene: handwashing, sanitation facilities and toilets</a>. Instruments should be cleaned by the pupils playing them, where possible</li> <li>iii. <b>Handling scores, parts and scripts</b> - Limit handling of music scores, parts and scripts to the individual using them.</li> <li>iv. <b>Suppliers</b> - Consider limiting the number of suppliers when hiring instruments and equipment. Schools should agree whose responsibility cleaning hired instruments is with the suppliers. Clean hire equipment, tools or other equipment on arrival and before first use. Equipment and instruments should be stored in a clean location if you take delivery of them before they are needed, and they should be cleaned before first use and before returning the instrument.</li> <li>v. <b>Pick up and drop off points</b> - Pick up and drop off collection points should be created where possible, rather than passing equipment such as props, scripts, scores and microphones hand-to-hand.</li> </ol> </li> <li>j. <b>Individual lessons and performance in groups</b> <ol style="list-style-type: none"> <li>i. Individual lessons in music, dance and drama can resume in schools. This may mean teachers interacting with pupils from multiple groups, so you will need to take particular care, in line with the measures set out above (staffing arrangements) on peripatetic teachers.</li> <li>ii. In individual lessons for music, dance and drama, social distancing should be maintained wherever possible, meaning teachers should not provide physical correction.</li> <li>iii. Central dividers have been installed where necessary to avoid group mixing.</p>	2	4	8	1. Deputy Headteacher	08/03/21	
Offices and other work spaces	Students, Employees, Visitors and Contractors	<p><b>1. The following measures are applied where staff cannot work from home:</b></p> <p>a. Where possible furniture has been rearranged/marked as not to be used to prevent face to face working and create separation to enable distancing of staff.</p> <p>b. Rooms are well ventilated (see section on ventilation)</p> <p>c. Staff are cohorted in consistent working groups</p> <p>d. Unnecessary items have been removed to support effective cleaning of the area</p> <p>e. Hot desking is avoided</p> <p>f. Desks near busy circulation spaces are not used</p> <p>g. Shared equipment has been moved to reduce group mixing such as printer location</p> <p>h. A clear desk policy in all offices and classrooms will operate to facilitate good hygiene and cleaning measures</p> <p><b>2. The following measures are implemented where the above measures cannot be followed:</b></p> <p>a. additional work spaces are be allocated where possible</p> <p>b. sharing of workspace is minimised and workspaces are thoroughly cleaned between users.</p> <p>c. Consideration is given to individual risk assessments when considering who occupies different workspaces and shared facilities</p> <p>d. Screens are installed where necessary</p>				1 & 2. Toilets and handwashing facilities		<p>1. Times are staggered where possible and consider the increased handwashing times that have been introduced.</p> <p>2. Distancing for queuing has been introduced e.g. through floor markings</p> <p>3. Where there are no suitably located hand wash basins, hand sanitiser points have been provided e.g. in classrooms, at building entrance points, learning environments, in dining areas.</p> <p>4. Hand sanitiser is stored appropriately and safely according to pupil age and individual risks.</p> <p>5. Hand dryers are efficient and effective in quick drying or have been replaced with more efficient dryers or paper towels.</p>	2	4	8	1. Deputy Headteacher 2. 		<p>d. Use separate spaces or rooms where possible to limit the number of people in the same area</p> <p>e. Ensure 2 distance is maintained at all times, not sitting face to face</p> <p>f. No activities are undertaken that require or encourage people to raise their voices or shout</p> <p>g. Paperwork is shared electronically where possible</p> <p>h. Consideration is given to meeting etiquette to maintain distancing, e.g. when meeting indoors leave the room in single file starting with the person nearest the door first.</p> <p>i. People do not shake hands.</p> <p>j. Participants practice good hand and respiratory hygiene before, after and during the meeting.</p> <p>k. Where held indoors they are held in well ventilated spaces.</p> <p>l. All in person meetings are authorised by the Head teacher, who has satisfied themselves that all reasonable measures have been implemented.</p> <p>m. Appropriate ventilation is utilised</p> <p><b>4. Events –</b></p> <p>a. Parents evenings</p> <p>i. All meetings are carried out remotely where possible.</p> <p>ii. Parents and carers should only attend the school where they have a pre-arranged appointment</p> <p>iii. Where possible, only one parent/carer attend.</p> <p>iv. Visits are planned and organised to ensure distancing and hygiene measures can be maintained</p> <p>v. Information is provided in advance to ensure arrangements are communicated</p> <p>b. Pupil familiarisation visits</p> <p>i. Visits are provided virtually where possible.</p> <p>ii. The visitor arrangements in this section are applied where in person visits are planned.</p> <p>iii. Visits will take place outside the school day where it is not detrimental to the purpose of the visit.</p> <p>iv. Visitor numbers are limited and appointments are staggered</p> <p>c. Pupil lesson attendance for familiarisation</p> <p>i. Existing groups are extended to accommodate pupil lessons attendance and plans are in place that include:</p> <p>ii. Limiting visiting pupils mixing between additional groups</p> <p>iii. Limiting the number of different visiting pupils joining at the same time (with at least a 48 hour period between different pupils joining)</p> <p>iv. Avoiding compromising the existing social distancing arrangements within the class</p> <p>v. The wider implications for increased general use of premises, for example, toilets and movement around premises) have been considered and controls implemented</p> <p>vi. Involvement of the pupil and their parents to understand the arrangements that are in place to reduce the risk.</p> <p><b>5. Urgent meetings</b> - Unplanned meetings are avoided in the School unless they are essential e.g. safeguarding, health related.</p> <p><b>6. School clubs and community sports (non curriculum)</b> - The premises will not be used for clubs that are not essential (see below for breakfast and afterschool clubs)</p> <p><b>7. Hire and use of school premises</b> - Additional hire and use will not be planned until further notice.</p> <p><b>8. Staff rooms –</b></p> <p>a. Additional staff areas are identified in order to avoid compromising cohorted staff groups.</p> <p>b. Times of use for staff breaks are staggered to prevent staff groups from mixing</p> <p>c. Furniture has been arranged to encourage distancing and not sitting face to face</p>						
Breakfast and afterschool clubs		<p><b>1. School clubs that are essential -</b></p> <p>a. 		<p>b. Different cleaning equipment is provided for kitchens, toilets, classrooms and office areas.</p> <p>c. The School will need to identify the specific cleaning methods for the items that require cleaning.</p> <p>d. The School will continue with their enhanced cleaning and disinfection arrangements that have already been put in place.</p> <p>e. High contact surfaces are cleaned regularly throughout the day</p> <p>f. Teaching staff are provided with cleaning materials to enable them to clean contact points in their classrooms between groups/classes.</p> <p>g. Staff who undertake cleaning follow the instructions for cleaning products and disinfectants to ensure it is effective to ensure that all of the surface has disinfectant applied and not to wipe items dry before the required contact time has been achieved.</p> <p>h. Where the same space or equipment is used by different groups or cohorts of children cleaning takes place between each group's occupation or use, where possible</p> <p>i. Disinfectant wipes are more generally available for staff to use where they wish to.</p> <p>j. All touch points that are fixed to the premises (inside and out) have been identified and are disinfected on a twice daily basis (for example: door handles, handrails, gate latches),</p> <p>k. More frequent cleaning requirements have been identified and implemented where appropriate, for example, where pupils may find it difficult to maintain personal hygiene, toilet facilities and frequently touch shared items on the premises</p> <p>l. A system has been put in place to store used equipment prior to cleaning in order to avoid inadvertent use between groups.</p> <p>m. Learning equipment such as computers and tablets are cleaned with a disinfectant wipe prior to use.</p> <p>n. Where staff handle pupils books they disinfect the surfaces that they are using before and after as well as undertaking hand hygiene.</p> <p>o. Handheld and frequently touched sports/PE equipment is disinfected prior to use</p> <p>p. Staff and pupil shared workstations are cleaned with a disinfectant wipe prior to use</p> <p>q. Touch point cleaning will be carried out between each group for activities using equipment such as PE.</p> <p>3. <b>Storage</b> - Hand sanitiser that is not in use will be stored with other flammable cleaning equipment (please note: some types have an increased risk). This is particularly important where larger quantities are in storage</p> <p>4. <b>Resources</b></p> <p>a. Students should bring into school their own ready to learn equipment. A pen will be provided to a student where they have failed to bring one into school. Students will keep this pen.</p> <p>b. Where resources are taken home hand hygiene, quarantining and cleaning measures are in place</p> <p>5. <b>Laundry</b> – Any PE clothing / Food Technology resources (e.g. tea towels) should be seen as single use items and then washed in accordance with manufacturer's instructions.</p> <p>6. <b>Books</b> (books are items that are difficult to clean) –</p> <p>a. Books should not be used where possible, instead electronic versions should be used and or copied /shared via other electronic means</p> <p>b. Where books are used by pupils these should be via the Headteachers permission and only on a rotational basis with at least 72 hours between use</p> <p>c. Where teachers handle pupils books they disinfect the surfaces that they are using both before and afterwards as well as undertaking hand hygiene.</p> <p>d. Used books are set aside for 72 hours after use to reduce microbial load, plastic covers are disinfected after that time.</p> <p>e. Posters should only be used where they are in a locked display board and/or have been laminated so they can be wiped down as part of the regular cleaning procedures</p> <p>f. Books and posters checked for visible soiling and disposed of where necessary</p> <p>7. <b>Wooden desks and wooden work surfaces –</b></p> <p>a. The following process is followed:</p> <p>i. Apply disinfectant and leave for the appropriate contact time applied</p> <p>ii. Re-apply disinfectant and leave to dry naturally</p> <p>8. <b>Lunchtime</b> - Trays, tables and chair touch points are disinfected after use</p> <p>9. <b>Tissues and waste from bins provided –</b></p> <p>a. Tissues are provided in classrooms and other areas to ensure good respiratory hygiene.</p> <p>b. Bins are provided in classrooms and other key locations such as dining areas for pupils and staff to dispose of used tissues and are emptied regularly throughout the day</p> <p>c. Pregnant persons	Students, Employees, Visitors and Contractors	<p>Pregnant women are considered 'clinically vulnerable' or in some cases 'clinically extremely vulnerable' to coronavirus (COVID-19) and therefore require special consideration as set out in the <a href="#">guidance for pregnant employees</a>.</p> <p>Women who are less than 28 week pregnant must first have a workplace risk assessment with their school employer and/or occupational health team. Then, they should only continue working if the risk assessment advises that it is safe to do so.</p> <p>Pregnant women of any gestation should not be required to continue working if this is not supported by the risk assessment.</p>	2	4	8	Headteacher	08/03/21	

		Women who are 28 weeks pregnant and beyond, or are pregnant and have an underlying health condition that puts them at a greater risk of severe illness from coronavirus (COVID-19) at any gestation, should take a more precautionary approach. Schools should ensure pregnant women are able to adhere to any active national guidance on social distancing and/or advice for pregnant women considered to be clinically extremely vulnerable (this group may previously have been advised to shield).						
Staff who may otherwise be at increased risk from coronavirus (COVID-19)	Students, Employees, Visitors and Contractors	Some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the <a href="#">COVID-19: review of disparities in risks and outcomes report</a> , which looked at different factors including age and sex, where people live, deprivation, ethnicity, people's occupation and care home residence. These staff can attend school as long as the system of controls set out in this Risk Assessment are in place.	2	4	8	Headteacher	08/03/21

The advice for pupils who have been confirmed as clinically extremely vulnerable is to shield and stay at home as much as possible until further notice.</li> <li>c. All 16 to 18 year olds with underlying health conditions which put them at higher risk of serious disease and mortality will be offered a vaccine in priority group 6 of the vaccination programme. Increasing ventilation	Students, Employees, Visitors and Contractors	<p>1. Once the school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained.</p> <p>a. This can be achieved by a variety of measures including:</p> <p>i. <b>mechanical ventilation</b> systems – these should be adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply)</p> <p>ii. <b>natural ventilation</b> – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air. If necessary external opening doors may also be used (as long as they are not fire doors and where safe to do so)</p> <p>2. To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures should also be used as appropriate:</p> <p>a. opening high level windows in preference to low level to reduce draughts</p> <p>b. increasing the ventilation while spaces are unoccupied (e.g. between classes, during break and lunch, when a room is unused)</p> <p>c. providing flexibility to allow additional, suitable indoor clothing. For more information see School uniform</p> <p>d. rearranging furniture where possible to avoid direct drafts</p> <p>3. Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces.</p> <p>4. Further advice on this can be found in Health and Safety Executive guidance on <a href="#">air conditioning and ventilation during the coronavirus outbreak</a> and <a href="#">CIBSE coronavirus (COVID-19) advice</a>.</p>				Headteacher / Site Manager	08/03/21
