

MHS Physical Education Learning Journey

Your lessons in the PED are taught on a didactic carousel basis. This learning journey map will show you every experience you can expect to have throughout the PE curriculum. It doesn't matter which 'set' or 'stream' you are placed into by the Head of Department you will all cover the same content at slightly different times. All students will have 39weeks of CORE PE lessons in each year you study – all will be 'double periods' in yr 7 and 8 (so 78 hours) but in year 9 there is less time dedicated to CORE PE, resulting in a double and a single per fortnight (58 hours) each year. All lessons are mixed gender.
