

## Summer School 2021 Impact report

The summer schools programme was set up in response to the impact that the coronavirus (COVID-19) pandemic had on students learning. The aim of the summer schools programme was to provide students with academic education and enrichment activities in order to mitigate the impact of lost learning, particularly with regard to reading and mathematics.

At Marshland High School, we aimed to ensure that our summer school programme was used by the students due to transition to us in September 2021.

By accessing the summer school, we believed students would be better supported with their transition to high school and aid to develop their confidence and independence skills, as well as help them to navigate the school site ahead of when the school returned to 'normal' in the next academic year.

Marshland High School offered all students in their Year 7 cohort of 2021 (168 in total) a place at the 5 day Summer School from 26<sup>th</sup> July 2021 -30<sup>th</sup> July 2021.

School details					
Name of school	Marshland High School				
School type	Secondary 11-16				
Total number of students invited	168

## Allocated funding

Allocated funding	
Amount of funding claimed	£15,284,04
Total funding received	£15,284,04 (expected October 2021)
Amount of funding spent:	£15,284,04
Amount of funding left unspent	£0
Overpayment:	N/A

## Summary of spending

The funding enabled the school to:

- Provide quality enrichment activities that benefitted students' reading, mathematics, communication and physical skills.
- Provide activities that some students' parents might not have been able to offer.
- Ensure the student to staff ratio was appropriate for the successful delivery of the programme.

## **Record of spending to deliver the summer schools programme**

£400.00 - Dance workshop

£400.00 - Space VR

£400.00 - Space VR
