

24th June 2026

Dear Parents & Carers,

Managing Current Weather Conditions

Thank you for ensuring the majority of students attended school in their PE kit during this unusually hot weather.

A reminder our PE kit is a white (light-coloured) sleeved top. We have had a small number of students arrive today wearing strappy tops, which are not appropriate for school as shoulders must remain covered. Any student arriving in a strappy top tomorrow will be placed in isolation, until appropriate clothing can be arranged.

As a reminder sports shorts/skorts are required, not denim shorts, or any other non-PE standard shorts.

We appreciate your support in ensuring your child attends school appropriately dressed.

A few further reminders for the hot weather:

- Students should bring a refillable water bottle to school each day. Additional water refill points are available in the canteen at break and lunch to help students refill bottles quickly
- Please apply sun cream before school and, where appropriate, send students with sun cream to reapply
- Students are encouraged to stay out of direct sunlight where possible, not to exert themselves at break and lunch, and wear a hat that covers their neck

The sports hall is open at lunchtime to provide a cooler indoor space during the hottest part of the day.

Where possible, lessons are being moved to air-conditioned rooms to help keep students comfortable and support their learning during the current conditions.

Thank you for your continued support.

Kind regards,

Mr J Crawley
