COVID 19 - Kindness letter to Supermarket Staff

My name is Mason and i'm 13 years old

I'm currently a year 9 pupil at Marshland High school in West Walton.

I am writing this letter to tell you how much my family and I think you're doing such a great job at this difficult time. My mum also works in retail and for the police she has told me some very nasty situations that have happened. For example people being rude, hurting each other. My mum said these days were the worst she's ever seen in her career.

You help everyone by providing them with food and daily products, we need to survive and so you all deserve a letter saying how well you have done.

In my free time I like to go to MMA (Mixed Martial Arts) I also like to play football and go on my PS4. I'm in isolation at home right now and I'm feeling a bit sad because I can't play football with my friends. Hopefully this will change soon so I can start doing MMA again and see all my mates and play football.

I think kindness and being respectful is important because if you say something nice to someone you can make their day.

Stay safe and positive because you're important to everyone right now as you're a key worker. I really appreciate you and thanks for making this world a better place right now.

From Mason
