Dear NHS staff

COVID 19 – Kindness letter to NHS staff

Hello, my name is Callum.

I am writing to you to say thank you for all the hard work you are doing for our country during this pandemic, the work you are doing is so brave and you all deserve a very shiny medal for your efforts.

Your work is so important because you are saving lives and protecting everyone while putting yourself right on the front line of everything which is so admirable.

As I said my name is Callum and I'm 14 years old and in year 10 at Marshland High, but by the time I get back to school chances are I'll be year 11 and very close to GCSE's, which is "fun" to think about. Currently in isolation I'm doing schoolwork, sleeping and trying to get some exercise as I might as well take advantage of the newfound time I have.

Being kind and respectful is key as it is one of the only positive things that are free in this world, but without it the world would just fall apart. They cost nothing yet mean a lot and carry a lot of value with them, which is why it is so important to spread it!!

So even if you're feeling low remember you are making such a huge difference to everyone's lives and you are the most important people in the country and your work is the biggest gesture of kindness one can give, because you are putting everyone else above yourself.

Yours faithfully

Callum
Student at Marshland High School
